An overview of services and tools

WRITING A SIMPLE SLIDE

Title, subtitle, body text

- The frame title sits in a solid navy band, white and uppercase
- The BSC logo lives in the footline, bottom-left
 - Bullets use circular markers in the navy structure color
 - Nested levels keep the same marker, just indented
- Body text is plain black on white for readability
- Use **alert** to bring focus to something, in navy

TWO-COLUMN CONTENT

Text alongside a figure

- Use columns for text/figure layouts
- The BSC logo lockup is bundled in `assets/`
- Swap `assets/bg-section.jpg` for a presentation-specific section-slide photo via `\setbscsectionphoto{...}`
